

## § 1544.409

## 49 CFR Ch. XII (10–1–13 Edition)

### § 1544.409 Integrity of screener tests.

(a) *Cheating or other unauthorized conduct.* (1) Except as authorized by the TSA, no person may—

(i) Copy or intentionally remove a test under this part;

(ii) Give to another or receive from another any part or copy of that test;

(iii) Give help on that test to or receive help on that test from any person during the period that the test is being given; or

(iv) Use any material or aid during the period that the test is being given.

(2) No person may take any part of that test on behalf of another person.

(3) No person may cause, assist, or participate intentionally in any act prohibited by this paragraph (a).

(b) *Administering and monitoring screener tests.* (1) Each aircraft operator must notify TSA of the time and location at which it will administer each screener readiness test required under § 1544.405(d).

(2) Either TSA or the aircraft operator must administer and monitor the screener readiness test. Where more than one aircraft operator or foreign air carrier uses a screening location, TSA may authorize an employee of one or more of the aircraft operators or foreign air carriers to monitor the test for a trainee who will screen at that location.

(3) If TSA or a representative of TSA is not available to administer and monitor a screener readiness test, the aircraft operator must provide a direct employee to administer and monitor the screener readiness test.

(4) An aircraft operator employee who administers and monitors a screener readiness test must not be an instructor, screener, screener-in-charge, checkpoint security supervisor, or other screening supervisor. The employee must be familiar with the procedures for administering and monitoring the test and must be capable of observing whether the trainee or others are engaging in cheating or other unauthorized conduct.

### § 1544.411 Continuing qualifications of screening personnel.

(a) *Impairment.* No individual may perform a screening function if he or she shows evidence of impairment,

such as impairment due to illegal drugs, sleep deprivation, medication, or alcohol.

(b) *Training not complete.* An individual who has not completed the training required by § 1544.405 may be deployed during the on-the-job portion of training to perform security functions provided that the individual—

(1) Is closely supervised; and

(2) Does not make independent judgments as to whether individuals or property may enter a sterile area or aircraft without further inspection.

(c) *Failure of operational test.* No aircraft operator may use an individual to perform a screening function after that individual has failed an operational test related to that function, until that individual has successfully completed the remedial training specified in the aircraft operator's security program.

(d) *Annual proficiency review.* Each individual assigned screening duties shall receive an annual evaluation. The aircraft operator must ensure that a Ground Security Coordinator conducts and documents an annual evaluation of each individual who performs screening functions. An individual who performs screening functions may not continue to perform such functions unless the evaluation demonstrates that the individual—

(1) Continues to meet all qualifications and standards required to perform a screening function;

(2) Has a satisfactory record of performance and attention to duty based on the standards and requirements in the aircraft operator's security program; and

(3) Demonstrates the current knowledge and skills necessary to courteously, vigilantly, and effectively perform screening functions.

## PART 1546—FOREIGN AIR CARRIER SECURITY

### Subpart A—General

Sec.

1546.1 Applicability of this part.

1546.3 TSA inspection authority.

### Subpart B—Security Program

1546.101 Adoption and implementation.

1546.103 Form, content, and availability of security program.

1546.105 Acceptance of and amendments to the security program.

#### Subpart C—Operations

- 1546.201 Acceptance and screening of individuals and accessible property.
- 1546.202 Persons and property onboard the aircraft.
- 1546.203 Acceptance and screening of checked baggage.
- 1546.205 Acceptance and screening of cargo.
- 1546.207 Screening of individuals and property.
- 1546.209 Use of X-ray systems.
- 1546.211 Law enforcement personnel.
- 1546.213 Access to cargo: Security threat assessments for cargo personnel in the United States.
- 1546.215 Known shipper program.

#### Subpart D—Threat and Threat Response

- 1546.301 Bomb or air piracy threats.

#### Subpart E—Screener Qualifications When the Foreign Air Carrier Conducts Screening

- 1546.401 Applicability of this subpart.
- 1546.403 [Reserved]
- 1546.405 Qualifications of screening personnel.
- 1546.407 Training, testing, and knowledge of individuals who perform screening functions.
- 1546.409 Integrity of screener tests.
- 1546.411 Continuing qualifications of screening personnel.

AUTHORITY: 49 U.S.C. 114, 5103, 40113, 44901–44905, 44907, 44914, 44916–44917, 44935–44936, 44942, 46105.

SOURCE: 67 FR 8377, Feb. 22, 2002, unless otherwise noted.

#### Subpart A—General

##### § 1546.1 Applicability of this part.

This part prescribes aviation security rules governing the following:

- (a) The operation within the United States of each foreign air carrier holding a permit issued by the Department of Transportation under 49 U.S.C. 41302 or other appropriate authority issued by the former Civil Aeronautics Board or the Department of Transportation.
- (b) Each law enforcement officer flying armed aboard an aircraft operated by a foreign air carrier described in paragraph (a) of this section.

##### § 1546.3 TSA inspection authority.

(a) Each foreign air carrier must allow TSA, at any time or place, to make any inspections or tests, including copying records, to determine compliance of an airport operator, aircraft operator, foreign air carrier, indirect air carrier, or other airport tenants with—

- (1) This subchapter and any security program under this subchapter, and part 1520 of this chapter; and
- (2) 49 U.S.C. Subtitle VII, as amended.

(b) At the request of TSA, each foreign air carrier must provide evidence of compliance with this subchapter and its security program, including copies of records.

(c) TSA may enter and be present within secured areas, AOAs, SIDAs, and other areas where security measures required by TSA are carried out, without access media or identification media issued or approved by an airport operator or aircraft operator, in order to inspect or test compliance, or perform other such duties as TSA may direct.

[67 FR 8377, Feb. 22, 2002, as amended at 71 FR 30511, May 26, 2006]

#### Subpart B—Security Program

##### § 1546.101 Adoption and implementation.

Each foreign air carrier landing or taking off in the United States must adopt and carry out, for each scheduled and public charter passenger operation or all-cargo operation, a security program that meets the requirements of—

- (a) Section 1546.103(b) and subparts C, D, and E of this part for each operation with an aircraft having a passenger seating configuration of 61 or more seats;
- (b) Section 1546.103(b) for each operation that will provide deplaned passengers access to a sterile area, or enplane passengers from a sterile area, when that access is not controlled by an aircraft operator using a security program under part 1544 of this chapter or a foreign air carrier using a security program under this part;

## § 1546.103

(c) Section 1546.103(b) for each operation with an airplane having a passenger seating configuration of 31 or more seats but 60 or fewer seats for which TSA has notified the foreign air carrier in writing that a threat exists; and

(d) Section 1546.103(c) for each operation with an airplane having a passenger seating configuration of 31 or more seats but 60 or fewer seats, when TSA has not notified the foreign air carrier in writing that a threat exists with respect to that operation.

(e) Sections 1546.103(b)(2) and (b)(4), 1546.202, 1546.205(a), (b), (c), (d), (e), and (f), 1546.207, 1546.211, 1546.213, and 1546.301 for each all-cargo operation with an aircraft having a maximum certificated take-off weight more than 45,500 kg (100,309.3 lbs.); and

(f) Sections 1546.103(b)(2) and (b)(4), 1546.202, 1546.205(a), (b), (d), and (f), 1546.211, and 1546.301 for each all-cargo operation with an aircraft having a maximum certificated take-off weight more than 12,500 pounds but not more than 45,500 kg (100,309.3 lbs.).

[67 FR 8377, Feb. 22, 2002, as amended at 71 FR 30511, May 26, 2006]

### § 1546.103 Form, content, and availability of security program.

(a) *General requirements.* The security program must be:

(1) *Acceptable to TSA.* A foreign air carrier's security program is acceptable only if TSA finds that the security program provides a level of protection similar to the level of protection provided by U.S. aircraft operators serving the same airports. Foreign air carriers must employ procedures equivalent to those required of U.S. aircraft operators serving the same airport, if TSA determines that such procedures are necessary to provide a similar level of protection.

(2) In English unless TSA requests that the program be submitted in the official language of the foreign air carrier's country.

(b) *Content of security program.* Each security program required by § 1546.101(a), (b), (c), (e), or (f) must be designed to—

(1) Prevent or deter the carriage aboard airplanes of any unauthorized explosive, incendiary, or weapon on or

## 49 CFR Ch. XII (10–1–13 Edition)

about each individual's person or accessible property, except as provided in § 1546.201(d), through screening by weapon-detecting procedures or facilities;

(2) Prohibit unauthorized access to airplanes;

(3) Ensure that checked baggage is accepted by a responsible agent of the foreign air carrier; and

(4) Prevent cargo and checked baggage from being loaded aboard its airplanes unless handled in accordance with the foreign air carrier's security procedures.

(c) *Law enforcement support.* Each security program required by § 1546.101(d) must include the procedures used to comply with the applicable requirements of § 1546.209 regarding law enforcement officers.

(d) *Availability.* Each foreign air carrier required to adopt and use a security program under this part must—

(1) Restrict the distribution, disclosure, and availability of sensitive security information, as defined in part 1520 of this chapter, to persons with a need to know; and

(2) Refer requests for sensitive security information by other persons to TSA.

[67 FR 8377, Feb. 22, 2002, as amended at 71 FR 30512, May 26, 2006]

### § 1546.105 Acceptance of and amendments to the security program.

(a) *Initial acceptance of security program.* Unless otherwise authorized by TSA, each foreign air carrier required to have a security program by this part must submit its proposed program to TSA at least 90 days before the intended date of passenger operations. TSA will notify the foreign air carrier of the security program's acceptability, or the need to modify the proposed security program for it to be acceptable under this part, within 30 days after receiving the proposed security program. The foreign air carrier may petition TSA to reconsider the notice to modify the security program within 30 days after receiving a notice to modify.

(b) *Amendment requested by a foreign air carrier.* A foreign air carrier may submit a request to TSA to amend its accepted security program as follows:

(1) The proposed amendment must be filed with the designated official at least 45 calendar days before the date it proposes for the amendment to become effective, unless a shorter period is allowed by the designated official.

(2) Within 30 calendar days after receiving a proposed amendment, the designated official, in writing, either approves or denies the request to amend.

(3) An amendment to a foreign air carrier security program may be approved if the designated official determines that safety and the public interest will allow it, and the proposed amendment provides the level of security required under this part.

(4) Within 45 calendar days after receiving a denial, the foreign air carrier may petition the Administrator to reconsider the denial. A petition for reconsideration must be filed with the designated official.

(5) Upon receipt of a petition for reconsideration, the designated official either approves the request to amend or transmits the petition, together with any pertinent information, to the Administrator for reconsideration. The Administrator disposes of the petition within 30 calendar days of receipt by either directing the designated official to approve the amendment, or affirming the denial.

(6) Any foreign air carrier may submit a group proposal for an amendment that is on behalf of it and other aircraft operators that co-sign the proposal.

(c) *Amendment by TSA.* If the safety and the public interest require an amendment, the designated official may amend an accepted security program as follows:

(1) The designated official notifies the foreign air carrier, in writing, of the proposed amendment, fixing a period of not less than 45 calendar days within which the foreign air carrier may submit written information, views, and arguments on the amendment.

(2) After considering all relevant material, the designated official notifies the foreign air carrier of any amendment adopted or rescinds the notice. If the amendment is adopted, it becomes effective not less than 30 calendar days

after the foreign air carrier receives the notice of amendment, unless the foreign air carrier petitions the Administrator to reconsider no later than 15 calendar days before the effective date of the amendment. The foreign air carrier must send the petition for reconsideration to the designated official. A timely petition for reconsideration stays the effective date of the amendment.

(3) Upon receipt of a petition for reconsideration, the designated official either amends or withdraws the notice or transmits the petition, together with any pertinent information, to the Administrator for reconsideration. The Administrator disposes of the petition within 30 calendar days of receipt by either directing the designated official to withdraw or amend the amendment, or by affirming the amendment.

(d) *Emergency amendments.* If the designated official finds that there is an emergency requiring immediate action with respect to safety in air transportation or in air commerce that makes procedures in this section contrary to the public interest, the designated official may issue an amendment, without the prior notice and comment procedures in paragraph (c) of this section, effective without stay on the date the foreign air carrier receives notice of it. In such a case, the designated official will incorporate in the notice a brief statement of the reasons and findings for the amendment to be adopted. The foreign air carrier may file a petition for reconsideration under paragraph (c) of this section; however, this does not stay the effectiveness of the emergency amendment.

### Subpart C—Operations

#### § 1546.201 Acceptance and screening of individuals and accessible property.

(a) *Preventing or deterring the carriage of any explosive, incendiary, or weapon.* Unless otherwise authorized by TSA, each foreign air carrier must use the measures in its security program to prevent or deter the carriage of any explosive, incendiary, or weapon on or about each individual's person or accessible property before boarding an aircraft or entering a sterile area.

(b) *Screening of individuals and accessible property.* Except as provided in its security program, each foreign air carrier must ensure that each individual entering a sterile area at each preboard screening checkpoint for which it is responsible, and all accessible property under that individual's control, are inspected for weapons, explosives, and incendiaries as provided in § 1546.207.

(c) *Refusal to transport.* Each foreign air carrier conducting an operation for which a security program is required by § 1546.101(a), (b), or (c) must refuse to transport—

(1) Any individual who does not consent to a search or inspection of his or her person in accordance with the system prescribed in this part; and

(2) Any property of any individual or other person who does not consent to a search or inspection of that property in accordance with the system prescribed by this part.

(d) *Explosive, incendiary, weapon: Prohibitions and exceptions.* No individual may, while on board an aircraft being operated by a foreign air carrier in the United States, carry on or about his person a deadly or dangerous weapon, either concealed or unconcealed. This paragraph (d) does not apply to—

(1) Officials or employees of the state of registry of the aircraft who are authorized by that state to carry arms; and

(2) Crewmembers and other individuals authorized by the foreign air carrier to carry arms.

**§ 1546.202 Persons and property onboard the aircraft.**

Each foreign air carrier operating under § 1546.101(e) or (f) must apply the security measures in its security program for persons who board the aircraft for transportation, and for their property, to prevent or deter the carriage of any unauthorized persons, and any unauthorized weapons, explosives, incendiaries, and other destructive devices, items, or substances.

[71 FR 30512, May, 26, 2006]

**§ 1546.203 Acceptance and screening of checked baggage.**

(a) *Preventing or deterring the carriage of any explosive or incendiary.* Each foreign air carrier must use the proce-

dures, facilities, and equipment described in its security program to prevent or deter the carriage of any unauthorized explosive or incendiary onboard aircraft in checked baggage.

(b) *Refusal to transport.* Each foreign air carrier must refuse to transport any individual's checked baggage or property if the individual does not consent to a search or inspection of that checked baggage or property in accordance with the system prescribed by this part.

(c) *Firearms in checked baggage.* No foreign air carrier may knowingly permit any person to transport, nor may any person transport, while aboard an aircraft being operated in the United States by that carrier, in checked baggage, a firearm, unless:

(1) The person has notified the foreign air carrier before checking the baggage that the firearm is in the baggage; and

(2) The baggage is carried in an area inaccessible to passengers.

**§ 1546.205 Acceptance and screening of cargo.**

(a) *Preventing or deterring the carriage of any explosive or incendiary.* Each foreign air carrier operating a program under § 1546.101(a), (b), (e), or (f) must use the procedures, facilities, and equipment described in its security program to prevent or deter the carriage of any unauthorized person, and any unauthorized explosive, incendiary, and other destructive substance or item in cargo onboard an aircraft.

(b) *Refusal to transport.* Each foreign air carrier operating a program under § 1546.101(a), (b), (e), or (f) must refuse to transport any cargo, if the shipper does not consent to a search or inspection of that cargo in accordance with the system prescribed by this part.

(c) *Control.* Each foreign air carrier operating a program under § 1546.101(a), (b), or (e) must use the procedures in its security program to control cargo that it accepts for transport on an aircraft in a manner that—

(1) Prevents the carriage of any unauthorized person, and any unauthorized explosive, incendiary, and other destructive substance or item onboard the aircraft.

(2) Prevents access by unauthorized persons other than an authorized foreign air carrier employee or agent, or persons authorized by the airport operator or host government.

(d) *Screening and inspection of cargo in the United States.* For cargo to be loaded in the United States, each foreign air carrier operating a program under § 1546.101(1)(a), (b), (e), or (f) must ensure that cargo is screened and inspected for any unauthorized person, and any unauthorized explosive, incendiary, and other destructive substances or items as provided in the foreign air carrier's security program and § 1546.207, and as provided in § 1546.213 for operations under § 1546.101(a) or (b), before loading it on its aircraft in the United States.

(e) *Acceptance of cargo only from specified persons.* Except as otherwise provided in its program, each foreign air carrier operating a program under § 1546.101(a), (b), (e) or (f) may accept cargo for air transportation to be loaded in the United States only from the shipper, or from an aircraft operator, foreign air carrier, or indirect air carrier operating under a security program under this chapter with a comparable cargo security program, or, in the case of a foreign air carrier under § 1546.101(a) or (b), from a certified cargo screening facility, as provided in its security program.

(f) *Acceptance of cargo to be loaded for transport to the United States.* Each foreign air carrier subject to this part that accepts cargo to be loaded on its aircraft for transport to the United States must carry out the requirements of its security program.

(g) *Screening of cargo loaded inside the United States under § 1546.101(a) or (b).* For cargo to be loaded in the United States, each foreign air carrier under § 1546.101(a) or (b) must ensure that all cargo is screened in the United States as follows:

(i) *Amount screened.* (i) Not later than February 3, 2009, each foreign air carrier must ensure that at least 50 percent of its cargo is screened prior to transport on a passenger aircraft.

(ii) Not later than August 3, 2010, each foreign air carrier must ensure that 100 percent of its cargo is screened

prior to transport on a passenger aircraft.

(2) *Methods of screening.* For the purposes of this paragraph (g), the foreign air carrier must ensure that cargo is screened using a physical examination or non-intrusive method of assessing whether cargo poses a threat to transportation security, as provided in its security program. Such methods may include TSA-approved x-ray systems, explosives detection systems, explosives trace detection, explosives detection canine teams certified by TSA, a physical search together with manifest verification, or other method approved by TSA.

(3) *Limitation on who may conduct screening.* Screening must be conducted by the foreign air carrier, by another aircraft operator or foreign air carrier operating under a security program under this chapter with a comparable cargo security program, by a certified cargo screening facility in accordance with 49 CFR part 1549, or by TSA.

(4) The foreign air carrier must verify that the chain of custody measures for the screened cargo are intact prior to loading such cargo on aircraft, or must ensure that the cargo is re-screened in accordance with this chapter.

[71 FR 30512, May 26, 2006, as amended at 74 FR 47704, Sept. 16, 2009; 76 FR 51868, Aug. 18, 2011; 76 FR 53081, Aug. 25, 2011]

#### **§ 1546.207 Screening of individuals and property.**

(a) *Applicability of this section.* This section applies to the inspection of individuals, accessible property, checked baggage, and cargo as required under this part.

(b) *Locations within the United States at which TSA conducts screening.* As required in its security program, each foreign air carrier must ensure that all individuals or property have been inspected by TSA before boarding or loading on its aircraft. This paragraph applies when TSA is conducting screening using TSA employees or when using companies under contract with TSA.

(c) *Foreign air carrier conducting screening.* Each foreign air carrier must use the measures in its security program to inspect the individual or property. This paragraph does not apply at

locations identified in paragraphs (b) of this section.

**§ 1546.209 Use of X-ray systems.**

(a) *TSA authorization required.* No foreign air carrier may use any X-ray system within the United States to screen accessible property or checked baggage, unless specifically authorized under its security program. No foreign air carrier may use such a system in a manner contrary to its security program. TSA authorizes foreign air carriers to use X-ray systems for inspecting accessible property or checked baggage under a security program if the foreign air carrier shows that—

(1) The system meets the standards for cabinet X-ray systems primarily for the inspection of baggage issued by the Food and Drug Administration (FDA) and published in 21 CFR 1020.40;

(2) A program for initial and recurrent training of operators of the system is established, which includes training in radiation safety, the efficient use of X-ray systems, and the identification of weapons, explosives, and incendiaries; and

(3) The system meets the imaging requirements set forth in its security program using the step wedge specified in American Society for Testing Materials (ASTM) Standard F792-88 (Reapproved 1993). This standard is incorporated by reference in paragraph (g) of this section.

(b) *Annual radiation survey.* No foreign air carrier may use any X-ray system unless, within the preceding 12 calendar months, a radiation survey is conducted that shows that the system meets the applicable performance standards in 21 CFR 1020.40.

(c) *Radiation survey after installation or moving.* No foreign air carrier may use any X-ray system after the system has been installed at a screening point or after the system has been moved unless a radiation survey is conducted which shows that the system meets the applicable performance standards in 21 CFR 1020.40. A radiation survey is not required for an X-ray system that is designed and constructed as a mobile unit and the foreign air carrier shows that it can be moved without altering its performance.

(d) *Defect notice or modification order.* No foreign air carrier may use any X-ray system that is not in full compliance with any defect notice or modification order issued for that system by the FDA, unless the FDA has advised TSA that the defect or failure to comply does not create a significant risk of injury, including genetic injury, to any person.

(e) *Signs and inspection of photographic equipment and film.* (1) At locations at which a foreign air carrier uses an X-ray system to inspect accessible property the foreign air carrier must ensure that a sign is posted in a conspicuous place at the screening checkpoint.

(2) At locations at which a foreign air carrier or TSA uses an X-ray system to inspect checked baggage the foreign air carrier must ensure that a sign is posted in a conspicuous place where the foreign air carrier accepts checked baggage.

(3) The signs required under this paragraph must notify individuals that such items are being inspected by an X-ray and advise them to remove all X-ray, scientific, and high-speed film from accessible property and checked baggage before inspection. This sign must also advise individuals that they may request that an inspection be made of their photographic equipment and film packages without exposure to an X-ray system. If the X-ray system exposes any accessible property or checked baggage to more than one milliroentgen during the inspection, the sign must advise individuals to remove film of all kinds from their articles before inspection.

(4) If requested by individuals, their photographic equipment and film packages must be inspected without exposure to an X-ray system.

(f) *Radiation survey verification after installation or moving.* Each foreign air carrier must maintain at least one copy of the results of the most recent radiation survey conducted under paragraph (b) or (c) of this section and must make it available for inspection upon request by TSA at each of the following locations—

(1) The foreign air carrier's principal business office; and

(2) The place where the X-ray system is in operation.

(g) *Incorporation by reference.* The American Society for Testing and Materials (ASTM) Standard F792-88 (Reapproved 1993), "Standard Practice for Design and Use of Ionizing Radiation Equipment for the Detection of Items Prohibited in Controlled Access Areas," is approved for incorporation by reference by the Director of the Federal Register pursuant to 5 U.S.C. 552(a) and 1 CFR part 51. ASTM Standard F792-88 may be examined at the Department of Transportation (DOT) Docket, 400 Seventh Street SW, Room Plaza 401, Washington, DC 20590, or on DOT's Docket Management System (DMS) web page at <http://dms.dot.gov/search> (under docket number FAA-2001-8725). Copies of the standard may be examined also at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html). In addition, ASTM Standard F792-88 (Reapproved 1993) may be obtained from the American Society for Testing and Materials, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959.

(h) Each foreign air carrier must comply with the X-ray operator duty time limitations specified in its security program.

[67 FR 8377, Feb. 22, 2002, as amended at 69 FR 18803, Apr. 9, 2004]

#### § 1546.211 Law enforcement personnel.

(a) At airports within the United States not governed by part 1542 of this chapter, each foreign air carrier engaging in public charter passenger operations must—

(1) When using a screening system required by § 1546.101(a), (b), or (c), provide for law enforcement officers meeting the qualifications and standards, and in the number and manner, specified in part 1542; and

(2) When using an airplane having a passenger seating configuration of 31 or more but 60 or fewer seats for which a screening system is not required by § 1546.101(a), (b), or (c), arrange for law enforcement officers meeting the quali-

fications and standards specified in part 1542 of this chapter to be available to respond to an incident and provide to appropriate employees, including crewmembers, current information with respect to procedures for obtaining law enforcement assistance at that airport.

(b) At airports governed by part 1542 of this chapter, each foreign air carrier engaging in scheduled passenger operations or public charter passenger operations when using an airplane with a passenger seating configuration of 31 or more and 60 or fewer seats under § 1546.101(c), must arrange for law enforcement personnel meeting the qualifications and standards specified in part 1542 of this chapter to be available to respond to an incident and provide to appropriate employees, including crewmembers, current information with respect to procedures for obtaining law enforcement assistance at that airport.

#### § 1546.213 Access to cargo: Security threat assessments for cargo personnel in the United States.

This section applies in the United States to each foreign air carrier operating under § 1546.101(a), (b), or (e).

(a) Before a foreign air carrier authorizes and before an individual performs a function described in paragraph (b) of this section—

(1) Each individual must successfully complete a security threat assessment or comparable security threat assessment described in part 1540 subpart C of this chapter; and

(2) Each aircraft operator must complete the requirements in part 1540 subpart C.

(b) The security threat assessment required in paragraph (a) of this section applies to the following:

(1) Each individual who has unescorted access to cargo and access to information that such cargo will be transported on a passenger aircraft; or who has unescorted access to cargo that has been screened for transport on a passenger aircraft; or who performs certain functions related to the transportation, dispatch or security of cargo for transport on a passenger aircraft or all-cargo aircraft, as specified in the foreign air craft operator's or foreign

## § 1546.215

air carrier's security program; from the time—

(i) The cargo reaches a location where a foreign air carrier operating under §1546.101(e) consolidates or inspects it pursuant to security program requirements, until the cargo enters an airport Security Identification Display Area or is transferred to another TSA-regulated aircraft operator, foreign air carrier, or indirect air carrier; or

(ii) A foreign air carrier under §§1546.101(a) or (b) accepts the cargo, until the cargo—

(A) Enters an airport Security Identification Display Area;

(B) Is removed from the destination airport; or

(C) Is transferred to another TSA-regulated aircraft operator, foreign air carrier, or indirect air carrier.

(2) Each individual the foreign air carrier authorizes to screen cargo or to supervise the screening of cargo under §1546.205.

[74 FR 47705, Sept. 16, 2009]

## § 1546.215 Known shipper program.

This section applies to each foreign air carrier operating a program under §1546.101(a) or (b).

(a) For cargo to be loaded on its aircraft in the United States, each foreign air carrier must have and carry out a known shipper program in accordance with its security program. The program must—

(1) Determine the shipper's validity and integrity as provided in the foreign air carrier's security program;

(2) Provide that the foreign air carrier will separate known shipper cargo from unknown shipper cargo; and

(3) Provide for the foreign air carrier to ensure that cargo is screened or inspected as set forth in its security program.

(b) When required by TSA, each foreign air carrier must submit in a form and manner acceptable to TSA—

(1) Information identified in its security program regarding an applicant to be a known shipper or a known shipper; and

(2) Corrections and updates to the information upon learning of a change to

## 49 CFR Ch. XII (10–1–13 Edition)

the information specified in paragraph (b)(1) of this section.

[71 FR 30512, May 26, 2006]

## Subpart D—Threat and Threat Response

### § 1546.301 Bomb or air piracy threats.

No foreign air carrier may land or take off an airplane in the United States after receiving a bomb or air piracy threat against that airplane, unless the following actions are taken:

(a) If the airplane is on the ground when a bomb threat is received and the next scheduled flight of the threatened airplane is to or from a place in the United States, the foreign air carrier ensures that the pilot in command is advised to submit the airplane immediately for a security inspection and an inspection of the airplane is conducted before the next flight.

(b) If the airplane is in flight to a place in the United States when a bomb threat is received, the foreign air carrier ensures that the pilot in command is advised immediately to take the emergency action necessary under the circumstances and a security inspection of the airplane is conducted immediately after the next landing.

(c) If information is received of a bomb or air piracy threat against an airplane engaged in an operation specified in paragraph (a) or (b) of this section, the foreign air carrier ensures that notification of the threat is given to the appropriate authorities of the State in whose territory the airplane is located or, if in flight, the appropriate authorities of the State in whose territory the airplane is to land.

## Subpart E—Screener Qualifications When the Foreign Air Carrier Conducts Screening

### § 1546.401 Applicability of this subpart.

This subpart applies when the aircraft operator is conducting inspections as provided in §1546.207.

[74 FR 47705, Sept. 16, 2009]

§ 1546.403 [Reserved]

§ 1546.405 **Qualifications of screening personnel.**

(a) No individual subject to this subpart may perform a screening function unless that individual has the qualifications described in §§ 1546.405 through 1546.411. No foreign air carrier may use such an individual to perform a screening function unless that person complies with the requirements of §§ 1546.405 through 1546.411.

(b) A screener must have a satisfactory or better score on a screener selection test administered by TSA.

(c) A screener must be a citizen of the United States.

(d) A screener must have a high school diploma, a General Equivalency Diploma, or a combination of education and experience that TSA has determined to be sufficient for the individual to perform the duties of the position.

(e) A screener must have basic aptitudes and physical abilities including color perception, visual and aural acuity, physical coordination, and motor skills to the following standards:

(1) Screeners operating screening equipment must be able to distinguish on the screening equipment monitor the appropriate imaging standard specified in the foreign air carrier's security program.

(2) Screeners operating any screening equipment must be able to distinguish each color displayed on every type of screening equipment and explain what each color signifies.

(3) Screeners must be able to hear and respond to the spoken voice and to audible alarms generated by screening equipment at an active screening location.

(4) Screeners who perform physical searches or other related operations must be able to efficiently and thoroughly manipulate and handle such baggage, containers, cargo, and other objects subject to screening.

(5) Screeners who perform pat-downs or hand-held metal detector searches of individuals must have sufficient dexterity and capability to thoroughly conduct those procedures over an individual's entire body.

(f) A screener must have the ability to read, speak, and write English well enough to—

(1) Carry out written and oral instructions regarding the proper performance of screening duties;

(2) Read English language identification media, credentials, airline tickets, documents, air waybills, invoices, and labels on items normally encountered in the screening process;

(3) Provide direction to and understand and answer questions from English-speaking individuals undergoing screening; and

(4) Write incident reports and statements and log entries into security records in the English language.

(g) At locations outside the United States that are the last point of departure to the United States, and where the foreign air carrier has operational control over a screening function, the foreign air carrier may use screeners who do not meet the requirements of paragraph (f) of this section. At such locations the foreign air carrier may use screeners who are not United States citizens.

§ 1546.407 **Training, testing, and knowledge of individuals who perform screening functions.**

(a) *Training required.* Before performing screening functions, an individual must have completed initial, recurrent, and appropriate specialized training as specified in this section and the foreign air carrier's security program. No foreign air carrier may use any screener, screener in charge, or checkpoint security supervisor unless that individual has satisfactorily completed the required training. This paragraph does not prohibit the performance of screening functions during on-the-job training as provided in § 1544.409(b).

(b) *Use of training programs.* Training for screeners must be conducted under programs provided by TSA. Training programs for screeners-in-charge and checkpoint security supervisors must be conducted in accordance with the foreign air carrier's security program.

(c) *Classroom instruction.* Each screener must complete at least 40 hours of classroom instruction or successfully

complete a program that TSA determines will train individuals to a level of proficiency equivalent to the level that would be achieved by such classroom instruction.

(d) *Screener readiness test.* Before beginning on-the-job training, a screener trainee must pass the screener readiness test prescribed by TSA.

(e) *On-the-job training and testing.* Each screener must complete at least 60 hours of on-the-job training and must pass an on-the-job training test prescribed by TSA. No foreign air carrier may permit a screener trainee to exercise independent judgment as a screener, until the individual passes an on-the-job training test prescribed by TSA.

(f) *Knowledge requirements.* Each foreign air carrier must ensure that individuals performing as screeners, screeners-in-charge, and checkpoint security supervisors for the foreign air carrier have knowledge of the provisions of this part, the foreign air carrier's security program, and applicable emergency amendments to the foreign air carrier's security program to the extent necessary to perform their duties.

**§ 1546.409 Integrity of screener tests.**

(a) *Cheating or other unauthorized conduct.* (1) Except as authorized by TSA, no person may—

- (i) Copy or intentionally remove a test under this part;
- (ii) Give to another or receive from another any part or copy of that test;
- (iii) Give help on that test to or receive help on that test from any person during the period that the test is being given; or
- (iv) Use any material or aid during the period that the test is being given.

(2) No person may take any part of that test on behalf of another person.

(3) No person may cause, assist, or participate intentionally in any act prohibited by this paragraph (a).

(b) *Administering and monitoring screener tests.* (1) Each foreign air carrier must notify TSA of the time and location at which it will administer each screener readiness test required under § 1544.405 (d).

(2) Either TSA or the foreign air carrier must administer and monitor the

screener readiness test. Where more than one foreign air carrier or foreign air carrier uses a screening location, TSA may authorize an employee of one or more of the foreign air carriers or foreign air carriers to monitor the test for a trainee who will screen at that location.

(3) If TSA or a representative of TSA is not available to administer and monitor a screener readiness test, the foreign air carrier must provide a direct employee to administer and monitor the screener readiness test.

(4) An foreign air carrier employee who administers and monitors a screener readiness test must not be an instructor, screener, screener-in-charge, checkpoint security supervisor, or other screening supervisor. The employee must be familiar with the procedures for administering and monitoring the test and must be capable of observing whether the trainee or others are engaging in cheating or other unauthorized conduct.

**§ 1546.411 Continuing qualifications of screening personnel.**

(a) *Impairment.* No individual may perform a screening function if he or she shows evidence of impairment, such as impairment due to illegal drugs, sleep deprivation, medication, or alcohol.

(b) *Training not complete.* An individual who has not completed the training required by § 1546.405 may be deployed during the on-the-job portion of training to perform security functions provided that the individual—

- (1) Is closely supervised; and

(2) Does not make independent judgments as to whether individuals or property may enter a sterile area or aircraft without further inspection.

(c) *Failure of operational test.* No foreign air carrier may use an individual to perform a screening function after that individual has failed an operational test related to that function, until that individual has successfully completed the remedial training specified in the foreign air carrier's security program.

(d) *Annual proficiency review.* Each individual assigned screening duties shall

receive an annual evaluation. The foreign air carrier must conduct and document an annual evaluation of each individual who performs screening functions. An individual who performs screening functions may not continue to perform such functions unless the evaluation demonstrates that the individual—

(1) Continues to meet all qualifications and standards required to perform a screening function;

(2) Has a satisfactory record of performance and attention to duty based on the standards and requirements in the foreign air carrier's security program; and

(3) Demonstrates the current knowledge and skills necessary to courteously, vigilantly, and effectively perform screening functions.

## PART 1548—INDIRECT AIR CARRIER SECURITY

Sec.

1548.1 Applicability of this part.

1548.3 TSA inspection authority.

1548.5 Adoption and implementation of the security program.

1548.7 Approval, amendment, annual renewal, and withdrawal of approval of the security program.

1548.9 Acceptance of cargo.

1548.11 Training and knowledge for individuals with security-related duties.

1548.13 Security coordinators.

1548.15 Access to cargo: Security threat assessments for individuals having unescorted access to cargo.

1548.16 Security threat assessments for each proprietor, general partner, officer, director, and certain owners of the entity.

1548.17 Known shipper program.

1548.19 Security Directives and Information Circulars.

1548.21 Screening of cargo.

AUTHORITY: 49 U.S.C. 114, 5103, 40113, 44901–44905, 44913–44914, 44916–44917, 44932, 44935–44936, 46105.

SOURCE: 67 FR 8382, Feb. 22, 2002, unless otherwise noted.

### § 1548.1 Applicability of this part.

This part prescribes aviation security rules governing each indirect air carrier engaged indirectly in the air transportation of property on aircraft.

[67 FR 8382, Feb. 22, 2002, as amended at 71 FR 33255, June 8, 2006]

### § 1548.3 TSA inspection authority.

(a) Each indirect air carrier must allow TSA, at any time or place, to make any inspections or tests, including copying records, to determine compliance of an airport operator, aircraft operator, foreign air carrier, indirect air carrier, or airport tenant with—

(1) This subchapter, and any security program approved under this subchapter, and part 1520 of this chapter; and

(2) 49 U.S.C. Subtitle VII, as amended.

(b) At the request of TSA, each indirect air carrier must provide evidence of compliance with this subchapter and its indirect air carrier security program, including copies of records.

(c) TSA may enter and be present within areas where security measures required by TSA are carried out without access media or identification media issued or approved by the indirect air carrier, an airport operator, or aircraft operator, in order to inspect or test compliance, or perform other such duties as TSA may direct.

[67 FR 8382, Feb. 22, 2002, as amended at 71 FR 30513, May 26, 2006]

### § 1548.5 Adoption and implementation of the security program.

(a) *Security program required.* No indirect air carrier may offer cargo to an aircraft operator operating under a full program or a full all-cargo program specified in part 1544 of this subchapter, or to a foreign air carrier operating under a program under § 1546.101(a), (b), or (e) of this subchapter, unless that indirect air carrier has and carries out an approved security program under this part. Each indirect air carrier that does not currently hold a security program under part 1548, and that offers cargo to an aircraft operator operating under a full all-cargo program or a comparable operation by a foreign air carrier must comply with this section not later than December 1, 2006.

(b) *General requirements.* (1) The security program must provide for the security of the aircraft, as well as that of persons and property traveling in air transportation against acts of criminal violence and air piracy and against the
